Year Founded: 1890 (barrel factory); 1947
(commercial vermouth)

Production: Certified Organic

La Canellese

La Canellese is surrounded by the beautiful world heritage wine landscapes of Piedmont, on the border between Langhe and Monferrato. Founded over a century ago as a cooperage by the Sconfienza family, they pivoted to Vermouth using the high-quality wines of the region and the ambitious spirit of the people who rebuilt Italy in the twentieth century. They continue to create aperitifs, spirits and bitters using traditional methods and craftsmanship and closely guarded family recipes consisting of careful selection of medicinal plants and spices. Their ingredients are of the highest quality and locally sourced wherever possible.
